Why not tour the zilla?

It is confirmed that Alte A Seb, a tour-istic place, will re-open for commercial purposes in the near future. There is no question of Alte A Seb being turned into an industrial park. However, any deviation from the original plan will require the consent of the residents who live in the area. The government has made it clear that it will not allow any changes without their consent. The residents have expressed their concerns and the government has assured them that their voices will be heard. The issue is currently under discussion and a decision will be made in the near future.

Tongue in Cheek

Mr R F Fernandes.

The Importance of Swadeshi

There is a strong belief that the only way to promote Indian culture and values is by encouraging the adoption of traditional practices. This belief is supported by the government and is reflected in the policies of various organizations. The government has taken several steps to promote swadeshi, including the establishment of Swadeshi Utsav, a festival that celebrates Indian culture. The festival attracts thousands of people every year and provides a platform for the promotion of Indian culture and values.

Paths of Wisdom

The importance of Swadeshi is not limited to traditional practices. It is also important to promote the use of Indian-made products. The government has initiated several schemes to encourage the use of Indian-made products, including the Make in India program. This program aims to promote the growth of the Indian manufacturing sector and to create job opportunities for the youth.
